

Insurance Checklist

Have you:

- Called your insurance company to confirm you have coverage for ABA?
- Told your insurance company that you would like Inspire Behavior Therapy to be your ABA provider?
- Provided Inspire Behavior Therapy with:
 - a copy of your insurance card, front and back?
 - the name, title, and phone number of the doctor who diagnosed your child?
 - the date (month, year) of diagnosis?
 - a letter from the doctor stating their diagnosis, including the diagnosis code?
- Completed the registration paperwork?

These will help expedite the authorization of services by your insurance company. Without these, there will be delays in acquiring an authorization for services.
